

# **BANKURA CHRISTIAN COLLEGE**

## **Department of Mathematics**

### **“1<sup>st</sup> Reunion” on December 23, 2018**

Greetings from Bankura Christian College .... !!!

The Department of Mathematics, Bankura Christian College, Bankura has been functional since 1912. The department is proud of Rev. A.J. Mitchell, Founder Principal of this college, who was a fellow of the esteemed Royal Astronomical Society, London. The department has produced a number of bright students who have obtained first class as well as the rank holders in the University Examinations. Many of the students have succeeded in many spheres of life and some are on their way to success.

Congratulations to all the alumni for their successful achievements, and we, on behalf of the steering committee take this opportunity to welcome you all to the 1st Alumni Meet/ Reunion.

As it is a 1st Alumni Meet, let us make it a grand success in all respects (i.e. with respect to reunion, purposeful interaction with students of the Institute, giving tips/ guidance to the juniors and many more things ....). It is an occasion of great pride and pleasure for all of us to have an event for interaction between the seniormost and juniormost alumni of the department. The detailed programme schedule for the event will be intimated to you and will be uploaded very shortly.

We once again extend a very hearty welcome to all of you and solicit your enthusiasm and co-operation to make it a grand success.

Please go through the following link for the purpose of registration,

Looking forward to see you all in the Meet.

With best wishes,

Dr Fatik Baran Mandal  
Principal  
Bankura Christian College

Dr Utpal Kr Samanta  
Head, Dept of Mathematics  
Bankura Christian College
