ABOUT COLLEGE

Bankura Christian College, as a premier higher education institution, is now a brand name in academia. The college has set up itself as a center of education par excellence, imparting quality education for more than a century and contributing significantly to the nation by nurturing young talents, giving them a proper shape, and enabling themselves to work for society for truth and knowledge and ultimately for quality human life. The college can truly boast of strong alumni in the academic, administrative, financial, and corporate sectors. It still works to inculcate human values through extracurricular activities in addition to the curricular aspects, with a bid to change the future of the nation.

Under the stewardship of Rev. John Mitchell, the Founder Principal, and with the initiatives of the Wesleyan Methodists, the college started its journey on the 29th of June in 1903 as the only institution for higher education in this economically backward region. In 1907, the college was granted approval by Calcutta University to teach Intermediate Arts (I.A.) and Bachelor of Arts (B.A.). In 1911-12, Intermediate Science (I.S.) was introduced. In 1921-22, Honours curricula in physics, chemistry, and mathematics were introduced. In 1961, it was affiliated with the University of Burdwan. Presently, the college is affiliated with Bankura University (since 2017).

The college feels proud for its noted teachers like E. J. Thompson (Translator of Rabindranath Tagore), the eminent Physicists like Sisir Kumar Mitra (Padma Bhushan Awardee, Fellow of the Royal Society, President of the Indian National Science Academy, National Professor and first Chairman of the Radio Research Committee), Abalakanta Choudhury and Sampa Das (FNA), Chemists like Purnendu Dasgupta (Professor, Hamish Small Chair in Ion Analysis, Jenkins Garrett Professor of Chemistry and Biochemistry) and Asit Kumar Chakraborti (Fellow of Royal Society of Chemistry, Cambridge), noted Historian Chandran Devanesan (First Indian principal, Madras Christian College), renowned linguists like Sukumar Sen and Khudiram Das (D. Litt. and an authority on Rabindra literature), highly acclaimed writers like Sajanikanta Das, Manik Bandyopadhyay, Ananda Bagchi, and Satindrnath Chattopadhyay. During the colonial period, the students from this college played a key role in the freedom struggle.

In 2011, the institution was recognized by the UGC as a Centre with Potential for Excellence (CPE), and it was renewed very recently in 2017 for the Second Phase. The National Assessment and Accreditation Council (NAAC) conferred 'Grade A' to the college in the second cycle of accreditation in January 2013. The college is also enjoying the privilege of being under RUSA. With affiliation from Bankura University, the University of Burdwan, Vidyasagar University (distance education), and Netaji Subhas Open University, the college is running different postgraduate and undergraduate courses. The college runs under the management of Durgapur Diocese and follows the UGC norms, the state government, and the universities concerned. It has developed collaborations with different research institutes of repute, different NGOs, and state government agencies.

The institution can truly boast of its huge infrastructure, work culture, commitment to quality education, and close contact with the community. The teachers are widely published in national and international journals and are committed to delivering the best kind of teaching and guiding their students. The sprawling campus, huge playgrounds, hostel facilities for both boys and girls, a separate hostel for postgraduate students, well-equipped laboratories, computer centers, a network resource center, a highly resourceful library, a health home facility, an eco-garden, a medicinal plant garden, the use of ICTS to support teaching and learning, and, above all, highly qualified teachers are definitely adding to the excellence in education of the college.

ABOUT WORKSHOP

We are pleased to announce that Bankura Christian College, IQAC and Central Library of our college are jointly organizing a one-day Workshop on Research Methodology entitled "Responsible and Impactful Research: Ethics, Integrity and Visibility" on February 06, 2024. Scientific attitude emphasizes that nothing in the world should be taken on blind faith without it is being subjected to reasons. It involves acquiring knowledge, critical enquiry and seeks proofs without biases. There is need of spreading scientific, logical and critical thinking among people. This workshop will help participants to develop a sense of scientific awareness and thinking. Also question conclusions and collect evidences for the conclusions. Research is intense and creative process involves various steps such as appropriate research topic selection, hypothesize and experiment design, proper sampling technique and its importance, adequate sample size, data collection and analysis, and signification of research. This workshop on research methodology will play important role in understanding these concepts for promoting research and innovation.

On the other hand, academicians need to understand the research policies as well as trajectories of research in different subjects. There are different indicators which assess and evaluate the quality of research, evaluation of the resources as well as ranking the scientists, universities. This workshop will touch such useful topics which might open up a new dimensions of research before the academic connoisseurs.
