About the College

Bankura Christian College is now a brand name in academia. This **Government-sponsored Minority College** has established itself as a centre of education par excellence, imparting quality education for more than 120 years and contributing significantly to the nation by nurturing young talents.

Under the stewardship of Rev. John Mitchell, the Founder Principal, and with the initiatives of the **Wesleyan Methodists**, the college started its journey on the **29th of June in 1903** as the only institution for higher education in this economically backward region.

In 1907 the college was granted approval by Calcutta University to teach Intermediate Arts (I. A.) and Bachelor of Arts (B. A.). In 1911-12 Intermediate Science (I.Sc.) was introduced. In 1921-22 Honours curricula in Physics, Chemistry, and Mathematics were introduced. In 1961 it was affiliated to the University of Burdwan. Presently the college is affiliated to Bankura University (Since 2017). The College has been recognized under Section **2(f)** and eligible for receiving financial assistance (UGC grant) under Section **12 (B)** of UGC Act.

In 2011 the institution was recognized as a **Centre with Potential for Excellence (CPE)** and **CPE II in 2017**. The National Assessment and Accreditation Council (NAAC) conferred '**Grade A**' to the college in the second cycle of accreditation in **January 2013**. The college is also enjoying the privilege of being under **RUSA**. **In 2019** the college was accredited with '**Grade A**' by the NAAC.

With affiliation from Bankura University and Netaji Subhas Open University, the college is running **different Postgraduate and Undergraduate courses**.

The college is **under the Management of Durgapur Diocese** and follows the norm stipulated by the UGC, the State Government, and the universities concerned.

The institution can truly boast of its huge infrastructure, work culture, its commitment to quality education, and its close contact with the community.

Vision

- **To become the dream destination for independent thinking, expression and to improve the quality of life**

Bankura Christian College envisions a future where its students, empowered by quality education will contribute towards nation-building on the basis of knowledge, innovation and holistic social commitment which enable them to exercise independent thinking and freedom of expression, respect human rights, protect the environment and uphold the noblest cultural values.

- **To integrate economic, material, scientific and cultural resources with human values, ideologies and principles**

The college integrates different cross-cutting issues in its teaching-learning mechanism that create provisions for exploring scientific thoughts, economic and material resources, and thereby instill in its students cultural and human values, political and nationalist ideologies and principles.

- **To eradicate insularity and regional bias – both educational and social**

The institution despite its Minority set up never indulged in any kind of racial, religious, or regional bias. It has always taught the students to be above all kinds of narrow-mindedness and prejudices -- social, cultural, linguistic, or educational.

- **To help in the all-round development of the society**

Bankura Christian College keeps in mind holistic development of the students. It not only aims at developing their domain of knowledge but also promotes research and generates their interest in contemporary global issues through vibrant curricular, co-curricular and extra-curricular activities. The college promotes studies on socio-economic, political and cultural heritage at the local and global platforms.

The diverse programmes under CBCS and NEP cater to the needs of the students from academic, professional, and ethical standpoints.

- **To inculcate humane values and responsibilities in students**

The experiential and participative learning, group activities, different extension programmes, cultural and sports events organised by the institution inculcate human values and responsibilities in students. The programmes create conscientious groups of future leaders oriented towards the welfare of local communities through sustained engagement in several outreach programmes, and foster a culturally sensitive inclusive environment by upholding core values of unity, diversity, and integrity.
